

Annual Parish meeting 8th of April 2024

Heath Village Barn report.

The Heath Village Barn is financially sound and in good shape.

During the last 12 months we have done remedial work on the steps and walls leading up to the fire exit door, now all in good condition.

We have also appointed a premises manager Kevin Fowler. He is doing a great job in looking after the property.

This week we are having all the electrics tested and hopefully we will receive our electrical certificate, this is required to be checked every five years.

During the Summer we are looking at possibly holding a Pimm's party with musical entertainment, details of this will be released in due course.

Our charges as from the 1st of January this year are:

Regular users £12.50 per hour, one off users £13 per hour (this includes the use of the kitchen) very competitive compared to other venues.
